# Curriculum Vitae

## Myo Minn Oo

dr.myominnoo@gmail.com
Tel: +66 61240 5207

PhD Student (Epidemiology)
**Prince of Songkla University**
**Faculty of Medicine**
**Epidemiology Unit**

6th Floor, Administrative Building, Faculty of Medicine, Prince of Songkla University,
15 Kanjanavanich Road, Hat Yai, Songkhla 90110 Thailand

## 1) PERSONAL PROFILE

**Public health researcher with several skills, qualifications as well as publications** to help contribute to a research culture and environment in resource-limited countries; with a **keen interest in Epidemiology, statistics and modelling in the area of infectious diseases of poverty**, and efficient **statistical programming skills using R and STATA**. A very **fast-learner and works well as a team**, receiving and sharing knowledge every step of the way. Always **exploring potential opportunities** to upgrade research career further in **a challenging and dynamic environment** where my diverse knowledge, skills and experiences in epidemiological researches and statistics can be improved and applied.

### *PROFESSIONAL EXPERIENCES*

| COURSES | MODULES | DURATION | ROLE | PLACE | YEAR |
|---|---|---|---|---|---|
| Myanmar SORT-IT Operational Research Training Course 3, 2017-2018 | 3 | 1 WEEK | Mentor/Facilitator | Naypyidaw, Myanmar | July 2018 |
| China National SORT-IT Operational Research Training Course 1, 2018-2019 | 3 | 7 MONTHS | Mentor/Facilitator | Shanghai, China | June 2018 – Dec 2018 |
| Myanmar SORT-IT Operational Research Training Course 3, 2017-2018 | 3 | 9 MONTHS | Course coordinator/ organizer/mentor | Naypyidaw, Myanmar | August 2017 – May 2018 |
| South Asian SORT IT Operational Research Training Course 2018 | 1 | 1 WEEK | Mentor/Facilitator | Sri Lanka | 2018 |
| South Asian SORT IT Operational Research Training Course 2017 | 3 | 9 MONTHS | Mentor/Facilitator | Sri Lanka | March 2017 – December 2018 |
| Pubmed Search for Literature | 1 | 2 days | Trainer | Mandalay, | 2017 |

| | | | | | |
|---|---|---|---|---|---|
| Review and Reference Management | | | | Myanmar | |
| Myanmar SORT-IT Operational Research Training Course 2 2016-2017 | 3 | 9-12 MONTHS | Course coordinator/ organizer/mentor | Naypyidaw, Myanmar | August 2016 – May 2017 |
| South Asian SORT IT Operational Research Training Course 2016 | 3 | 9 MONTHS | Mentor/Facilitator | Sri Lanka | March 2016 – December 2016 |
| Efficient and Quality-assured Data Capture using EpiData Entry | 1 | 2 days | Course coordinator/ organizer/mentor | Mandalay, Myanmar | Nov 2016 |

## *CONFERENCES / WORKSHOP*

| NAME | PLACE | YEAR | ORGANIZATION |
|---|---|---|---|
| The AIDS 2018 Abstract Mentor Programme (AMP) | Online | 2018 | AIDS 2018 |
| The AIDS 2017 Abstract Mentor Programme (AMP) | Online | 2017 | AIDS 2017 |
| Strategic Planning & Innovation | Mandalay, Myanmar | 2016 | The Union |
| Performance-Oriented Project Management | Mandalay, Myanmar | 2016 | The Union |
| 8th Asia Pacific Conference on Reproductive and Sexual Health and Rights | NayPyiDaw, Myanmar | 2016 | APCRSHR Committee |
| Service Quality Monitoring and Data Quality Assurance Training | Yangon, Myanmar | 2015 | The 3MDG Fund, UNOPS and Save the Children |
| Early Warning Indicators of HIV drug resistance | Mandalay, Myanmar | 2015 | National AIDS Programme, Myanmar |
| Family Planning | Yangon, Myanmar | 2011 | Marie Stopes International, Myanmar |

## *CAREER DEVELOPMENT*

| POSITION TITLE | ORGANIZATION | FROM | TO |
|---|---|---|---|
| PhD Student (Epidemiology) | Prince of Songkla University | AUG-2018 | PRESENT |
| Operational Research Fellow | The Union, Paris | AUG-2016 | JUL-2018 |
| Technical Aide | The Union, Myanmar | SEP-2016 | JUL-2018 |
| Monitoring Evaluation Accountability and Learning (MEAL) Unit Manager (HIV) | The Union, Myanmar | MAY-2016 | AUG-2016 |
| Monitoring Evaluation Accountability and Learning (MEAL) Unit Officer (HIV) | The Union, Myanmar | MAY-2014 | APR-2016 |
| HIV Clinical and Program | The Union, Myanmar | FEB-2014 | APR-2014 |

| | | | |
|---|---|---|---|
| Coordinator (HCPC) | | | |
| General Practitioner (Clinic Owner) | Aung Nilar Clinic | JAN-2013 | JAN-2014 |

### *EDUCATION*

| INSTITUTION | DEGREE/CERTIFICATE | YEAR | FIELD OF STUDY |
|---|---|---|---|
| The Union and MSF | Completion Certificate | 2015 | Operational Research (Structured Operational Research Training IniTiative – SORT IT) |
| University of Medicine, Mandalay, Myanmar | MBBS | 2006-2013 | Medicine, Surgery, Pediatrics, Obstetrics and Gynecology, Preventive and Social Medicine |

## 2) PUBLICATIONS, ABSTRACTS AND CURRENT WORKS

### *PUBLICATIONS*

1. **Oo, M. M.**, Gupta, V., Aung, T. K., Kyaw, N. T. T., Oo, H. N., & Kumar, A. M. (2016). Alarming attrition rates among HIV-infected individuals in pre-antiretroviral therapy care in Myanmar, 2011–2014. *Global Health Action*, *9*, 10.3402/gha.v9.31280. http://doi.org/10.3402/gha.v9.31280
2. Kyaw, K. W. Y., **Oo, M. M.**, Kyaw, N. T. T., Phyo, K. H., Aung, T. K., Mya, T., … Isaakidis, P. (2017). Low mother-to-child HIV transmission rate but high loss-to-follow-up among mothers and babies in Mandalay, Myanmar; a cohort study. *PLoS ONE*, *12*(9), e0184426. http://doi.org/10.1371/journal.pone.0184426
3. Pelzom D, Isaakidis P, **Oo MM**, Gurung MS, Yangchen P. Alarming prevalence and clustering of modifiable noncommunicable disease risk factors among adults in Bhutan: a nationwide cross-sectional community survey. BMC Public Health. 2017 Dec 21;17(1):975. http://doi.org/10.1186/s12889-017-4989-x. PubMed PMID: 29268747; PubMed Central PMCID: PMC5740865.

Aung Chan Minn, Nang Thu Thu Kyaw, Thet Ko Aung, Ohn Mar Mon, Thurain Htun, **Myo Minn Oo**, July Moe, Aye Aye Mon, Srinath Satyanarayana & Htun Nyunt Oo (2018) Attrition among HIV positive children enrolled under integrated HIV care programme in Myanmar: 12 years cohort analysis, Global Health Action, 11:1, DOI: 10.1080/16549716.2018.1510593

## ABSTRACTS IN INT'L CONFERENCES

1. Knowledge of and Attitude towards HIV/AIDS among Youths of Mandalay Teacher Training College in Myanmar: Aung Ko Oo, **Myo Minn Oo**, Yu Nandar Aung, Poe Poe Aung, Phyu Phyu Khaing, Khin San Hlaing *8th Asia Pacific Conference on Reproductive and Sexual Health and Rights, Nay Pyi Taw, Myanmar, 2016 Ref no. 0488* (Poster Presentation)
2. Provider-initiated HIV counselling and testing for patients with presumptive tuberculosis in Mandalay General Hospital, Myanmar, 2014-2015: Nang Thu Thu Kyaw, **Myo Minn Oo**, Mon Mon Su Naing, Nay Lynn Oo, Than Win, Saw Thein, Marlar Hnin Khine, Thiha Wint Aung, Ajay MV Kumar *TB 2016, Durban, Africa, poster no. p56* (Poster Presentation)
3. Intensified tuberculosis case-finding among people living with HIV under Integrated HIV Care Program in Upper Myanmar, 2015: Khine Wut Yee Kyaw, **Myo Minn Oo**, Nang Thu ThuKyaw, ThetKoAung, Than Win, HtunNyuntOo, Saw Thein, Ajay MV Kumar TB 2016, Durban, Africa, poster no. p81 (Poster Presentation)

## *MANUSCRIPTS ACCEPTED FOR PUBLICATION*

- Out-of-pocket health expenditure among industrial workers employed in a large scale industry in Eastern Nepal, 2016 – BMJ OPEN

- High prevalence and incidence of tuberculosis in people living with HIV in Mandalay, Myanmar: 2011 to 2017: INTERNATIONAL JOURNAL OF TUBERCULOSIS AND LUNG DISEASE

### *MANUSCRIPTS UNDER PEER REVIEW*

- Linking HIV-infected women to PMTCT program and time spent between HIV diagnosis and initiation of antiretroviral therapy in Mandalay, Myanmar – PloSOne
- Testing uptake, prevalence of HIV, Hepatitis B and Hepatitis C and retention in care amongst people who inject drugs and are enrolled for methadone maintenance therapy in Yangon, Myanmar: 2015-2017: PUBLIC HEALTH ACTION

### *SUBMITTED MANUSCRIPTS*

- Pattern of internet use and prevalence of internet addiction among secondary school going adolescents in Bhutan – a mixed method study – ADDICTIVE BEHAVIOUR
- How many sputum samples should be examined during follow-up of tuberculosis patients in Myanmar: 2 or 1? INTERNATIONAL JOURNAL OF TUBERCULOSIS AND LUNG DISEASE
- Retention –in care among key populations who were on anti-retroviral therapy at satellite anti-retroviral therapy sites in Myanmar, 2015-2016
- Pre-treatment loss to follow-up and treatment delay among bacteriologically confirmed tuberculosis patients diagnosed in Mandalay Region, Myanmar
- The relationship between Isoniazid preventive therapy and incident TB and all-cause mortality among HIV patients in Myanmar

### *CURRENT RESEARCH PROJECTS*

- Outcomes of hepatitis B and/or C co-infection in people living with HIV receiving care under Integrated HIV Care program in Myanmar
- Outcome of TB/HIV collaborative activities under IHC Care program in Myanmar
- Hyperglycemia and risk of all-cause mortality among people living with HIV with and without tuberculosis disease in Myanmar (2011-2017)
- Paving the way for scaling up Hepatitis C care: the diagnosis and treatment cascade in a pilot simplified model of care in Meerut District, Uttar Pradesh, India
- The magnitude of late antenatal booking, its determinants, and its consequences on maternal and perinatal outcomes in Bhutan – a mixed-method study
- Growth response to antiretroviral therapy and virological failure in children living with HIV in Integrated HIV care program, Myanmar

### *PEER-REVIEW WORKS*

See the following link for my peer-review profile on Publons.com.
https://publons.com/author/1496380/myo-minn-oo#profile

| NO | YEAR | JOURNAL | MANUSCRIPT TITLE |
|---|---|---|---|
| 1 | 2016 | BAOJ HIV | Biological Characteristics as a Determining Factor in Evaluating the Efficacy of DOTS in MDR Tb Treatment |
| 2 | 2016 | BAOJ Clinical Trials | Application of Binary Logistic Regression on prediction and risk factors of Tuberculosis disease among adult |

| | | | |
|---|---|---|---|
| | | | population in rural area of South India |
| 3 | 2017 | BAOJ HIV | Effect of Short and Long Term exposure of HIV Patients to Highly Active Antiretroviral Therapy (HAART) on Lipid Profile |
| 4 | 2017 | BMC Hematology | Hematological related disorder and transfusion of HIV patients on Highly Active Antiretroviral therapy in South West region, Cameroon: hematological monitory parameters for HIV follow-up |
| 5 | 2017 | Journal of AIDS and HIV Infections | Stigma and discriminatory attitude towards people living with HIV/AIDS among high school students |

| 13 | 2018 | Bhutan Health Journal | Prevalence of intestinal parasitic infection in patients attending National Referral Hospital, Thimphu, from 2013 to 2015 : A retrospective study |
| 14 | 2018 | Journal of Infectious Diseases and Pathogenesis (JIDP) | HIV and Immune Reconstitution Inflammatory Syndrome (HIV-IRIS) |
| 15 | 2018 | International Journal of STD & AIDS (IJSA) | Relationship between Self-efficacy and HIV Testing Uptake among Young Men Who Have Sex with Men in Myanmar: A cross-sectional analysis |
| 16 | 2018 | Plos One | Low birth weight of institutional births in Cambodia: Analysis of the Demographic and Health Surveys 2010-2014 |

## 3) PROFESSIONAL MEMBERSHIP AND ACTIVE NETWORKS

1) Active member of International AIDS Society
2) Alumni of "South Asian Structured Operational Research Training IniTiative (SORT IT) course 2015"
3) reviewer of The AIDS 2018 Abstract Mentor Programme (AMP) 2017-2018
4) lead facilitator of National TB research Agenda workshop 2017-2018
5) membership of "OR Network" - operational research
6) membership of Myanmar Society of Epidemiology (MSE)
7) membership of Alumni Association of University of Medicine, Mandalay
8) membership of "The Union" network

## 4) TECHNICAL SKILLS

### *SOFTWARE AND TECHNICAL HIGHLIGHTS*

- Efficient and productive usage of **STATA** VERSION 14.0 (advanced statistical methods, commonly used models include Cox proportional hazard model, logistic regression model, poisson regression model and log-binomial regression model; advanced Missing Data management)
- intermediate R user (R version 3.5.0 using RStudio as IDE, commonly used packages include tidyverse, foreign, stringr, readr, ggplot2)
- EpiData softwares [Entry, Manager and Entry Client, and Analysis] for quality-assured data capture
- Advanced user of office suites and MS Excel (pivot and power analysis function, index, vlookup, array and other advanced functions)
- A good knowledge in programming languages including HTML, CSS, Bootstrap, SQL, Java and VB.net languages
- Basic working knowledge in GIS mapping (Both Arc and qGIS software)
- "Infographics for effective communication in Healthcare using Microsoft Powerpoint": initiated in module 3 of SORT IT courses (Asia and Myanmar courses) for result disseminations.

### *PROJECTS USING R SOFTWARE*

1) Migration of existing longitudinal data of HIV-infected patients [~ 45,000 individuals with relational structure] into open Medical Record System (OpenMRS) platform: the original cohort database is written in PHP, SQL, JavaScript and the data are exported into ".rec" Epi format. Then they were loaded into R using RStudio as user interface and several libraries, mainly tidyverse, readr, readxl, foreign and stringr. A serial of data processing and extraction was undergone to produce into a OpenMRS-friendly format.
2) All research projects undertaken since 2017 included the usage of R script for data processing, cleaning and sometimes analysis with the view of reproducibility in research

## 5) OTHERS EXPERIENCES

- Peer-Reviewer
- Participated as abstract mentor in IAS abstract mentor program since 2017
- Writing blog posts on statistics and R (myominnoo.blogspot.com, myominnoo.github.io)

- Organize and conduct weekly Continuous Medical Education (CME) to fellow doctors and help to create a learning environment within the organization
- Conduct occasional free session on statistics and software skills at The Union

## 6) MOOC COURSES ATTENDED

1) Statistics with R (Duke University) – Coursera
2) R Specialization (John Hopkins University) – Coursera
3) Statistical Learning (Stanford University) – Introduction to Statistical Learning with an application in R
4) Inferential Statistics (University of Amsterdam) – Coursera
5) Introduction to Computer Science (CS) 50 (Harvard University)
6) Statistics in Medicine (Stanford Online Course)

## 7) CHRONOLOGICAL DETAILS

**Operational Research Fellow**
**The Union, Myanmar**
**August 2016 – July 2018**

- Established research priority setting and agenda within the organization and the country
- Collaborated with National Programmes and partners to promote operational research within the country
- Completed two research projects as first author per year
- Facilitated in SORT IT training courses and short courses (EpiData software training, PubMed Literature Search)
- Contributed to research field by participating as reviewer in open-access peer-review journals

**Technical Aide**
**The Union, Myanmar**
**September 2016 – July 2018**

- Provided technical support (programmatic / monitoring and evaluation related) to all projects operated by The Union, Myanmar
- Provide technical support to the program/project in conceptualizing, designing, developing and strengthening of the programs and projects
- Quality assured abstracts, posters and/or presentations based on the evaluations;
- Reviewed articles for publication, in reputable peer reviewed scientific journals, on the results of evaluations;
- Provided technical support in dissemination of the results to the stakeholders;
- Developed innovations, strategies, tools and approaches to the program/project and advise in their implementing processes
- Organized appropriate training and research activities and take part in such initiatives in order to promote evidence-informed and research environment;
- Established and sustained an efficient and effective feedback mechanism to the program/project

**Monitoring Evaluation Accountability and Learning (MEAL) Unit Manager (HIV)**
**The Union, Myanmar**
**May – August 2016**

- Oversaw the MEAL Unit to ensure quality data collection and reports of the Integrated HIV Care (IHC) program
- Direct-line supervisor of MEAL Officers, data entry operators
- Prepared Donor Reports and other technical reports
- Field supervision visit for routine data quality assessment and on-site M&E related training
- Data extraction, compilation, processing, timely data analysis and interpretation to provide feedback to the program
- Support operational, public health researches done at The Union
- Attending HIV clinic of the IHC program

**Monitoring Evaluation Accountability and Learning (MEAL) Unit Officer (HIV)**
**The Union, Myanmar**
**May 2014 – April 2016**

- Supervised quality data collection and management of the IHC program at the field level and central level, ensuring good quality data.
- Coordinated with data staffs and medical doctors to ensure timely release of monthly reports
- Ensured quality services and outputs by data staffs
- Performed monthly or need-based reports, data analysis and interpretation to assist program evaluation procedures.
- Provided technical support for the program's narratives and M&E plans.
- Supported program staffs in preparing data summaries for reports and presentations in quarterly, mid-term, annual reviews and cohort meetings.
- Developed, standardized and deployed monitoring and evaluation goals, objectives and outcomes along with the program coordinator and country director.
- Provided essential trainings to all database users, and refresher trainings on need basis.
- As a technical supervisor of the data staffs, took part in the definition and update of their job descriptions, their recruitment, daily supervision, and in the evaluating their performances.
- Prepared for the necessary requirements of epidemiological and program activity reports, and ensured timely submission of those reports to in collaboration with program staffs.
- Provided technical supports in research areas of The Union Office in Myanmar

**HIV Clinical and Program Coordinator**
**Integrated HIV Care Program**
**The Union, Myanmar**
**February 2014 – January 2015**

- Collaborated with the responsible government staffs in the public sector in consultation of HIV-infected patients and ensured to follow National guideline for the management of HIV infection.
- Coordinated with PLHIV volunteers and supervised PLHIV network activities in the assigned area
- Supervised PLHIV network in tracing patients who are lost to follow-up.
- Managed OPD flow and assigned clinics
- Cooperated in Medicine Stock Management, monitoring and reporting processes, ensuring to avoid stock out of the drugs.
- Managed the data capture process of assigned clinics and ensured good quality data.

- Participated in TB/HIV collaborative activities and ART clinic-related township activities.
- Ensured the timely issue of monthly reports and its good quality

**General Practitioner (Clinic Owner)**
**Aung Nilar Clinic in Mandalay**
**January 2013 – January 2014**

- Took role as a medical doctor in primary health care setting
- Patient communication, management and treatments
- Ad-hoc health education to individual clients
